Chapter 1 by SuperFolder Ghostbuster

This is an alternate universe where the Jedi are the Sith and the Sith are the Jedi, so it's basically the same story, just the morals are a bit reversed. Have fun finishing The Phantom Healer! :)

This was a dark time in the galaxy! The Galactic Confederacy, led by the Confederate Council, and defended by Darth Yoda and the Sith Council, rules the entire galaxy with an iron fist and will remain to do so until they get their hold on the entire universe. Only the Jedi, who have been presumed extinct for over a millennium, can rescue the cosmos from utter destruction. Jedi Master Palpatine and his young apprentice, Maul, have a plan to restore peace to the galaxy and build a democracy! But Darth Qui-Gon and his sinister apprentice Darth Obi-Wan are hot on their tail.

"Master, why do you think these merchants wish to turn the planet Naboo into a marketplace?"

"I do not believe that they wish to do it in general, your honor. I sense a plot to destroy the Sith."

"Then why not destroy them while we have the chance?"

"Patience Darth Obi-Wan, you will get your chance to destroy them. It's only a matter of time before they are all destroyed."

The merchant company, led by Nute Gunray ask the mysterious Jedi Master for help, to dispose of the Sith and save the merchants.

"I have received your message Gunray, do you need my assistance?"

"Your plan to restore peace has come to an end, there are a couple of Sith on our ship and he might destroy us."

"Do you have those security droids I sent you?"

"Yes?"

"Use them and escape to the planet's surface!"

The merchants have used the droids as a mean for distraction as the Sith destroy all of the droids and go down to Nabbo's surface to destroy the merchants, all the while meeting Military Officer Jar Jar Binks.

Chapter 2 by SuperFolder Ghostbuster

Jar Jar had then led the two Sith to their military government underwater, where they got a transport to an even higher military fortress in Theed Palace, led by the ruthless Empress Almidala. She gladly gives the sith a transport to a planet so that they could hunt down these merchants once and for all. They landed on Tatooine to hire a bounty hunter to help them hunt down the merchants. But luckily, the Jedi will be there to stop the sith.

"Master."

"Yes, young Maul?"

"The merchants have informed me that the Sith have left with the Empress and are now hiring a bounty hunter to destroy them."

"Hmmm, an odd move for the Sith. The Empress, we have some questions for her."

"Very well Master."

"And Maul..."

"Yes?"

"May the Force be with You."

"And to you as well."

Maul makes his way to Tatooine to capture the Empress and bring her to justice so that they can interrogate her. Meanwhile, Darth Qui Gon, and the Empress in disguise meet a school bully with the force. This is when they met young Anakin Skywalker.
